Jones, formerly of the Memphis and cincinsati and the Mamphi Memphis and themsall and the Mimphis and Arkansas river packet lines, is her chief clerk, and is will known in Memphis.

We noticed yesterday that Mr. Loudon has gone to work in carnest on the wharf. He has a big raft of piles, has mounted his driver on a flat, and will soon be pounding away driving immense trees all along our levee front. A arge cross of men are at work grading the wharf down to the water-line. Now that he is fairly at it, we hope no obstacles will be thrown in his way until the work is entitely

tanown in his way until the work is end ely completed. Our rapidly increasing river con-merce demands more levee room, which can only be had by completing the work in hand. Channy Chamberlin, the abigations cierk of the Hard Cash, is a good fellow-oftentimes too good for his own good. He is a man who tackies the world as it comes, and always makes the best of circumstances—looks ever the bright side of the meting. Thousan on the bright side of the picture. arise from materious, march or mine llas been widely used during the last twenty-five years, in the treatment of these distressing diseases, and with such unvarying success that it has gained the reputation of being infait ble. The shakes, erchills, force broken by it, do not return until the disease is contracted again. This has made it and accepted remedy, and trusted specific for the Fever and Ague of the West, and he Chilliand Fever of the South.

Ayer's Ague Cure eradidates the noxious poison from the system, and leaves the patient of the disease and leaves the patient well as before the attack. It thoroughly pels the disease, so that no Liver Combines. Rheumausm. Neuralgia, Dysentery Echility follow the cure. Indeed, where borders of the Liver and Bowels have oc-

blooders of the Liver and Bowels have occurred from Missmatle Poison, it removes the cause of them and they disappear. Not only is it an effectual cure, but, it taken occasionally by patients exposed to malaria, it will expel the poison and protect them from attack. Prayelers and temporary residents in Fever and Ague localities are thus enabled to dely the disease. The General Debility which is so opt to ensue from continued exposure to Malaria and Missm, has no speedier remedy.

For Liver Complaints, it is an excellent remedy.
